

Rabbit Tell-A-Store Program

A Mad Lab Rabbit is anyone who jabbbers enthusiastically about the games created by a little game company called Looney Labs.

This fall, the Looney's are asking their fans to visit stores in their local area that they think would be a good fit to sell our games, to tell the store owners about our games, and to give them flyers outlining our crazy good fall specails. This form is simply a way that a Rabbit can quickly and easily collect the contact informaiton for a store they visit - so they can send it to the Looney Labs sales team for followup.

Thanks for helping us promote Looney Labs games to potential new stores!
